2009 TERMS AND CONDITIONS OF SALE:

Our payment terms are Net 30 for customers who have established a credit account with The Rock Garden.

Contractors have the option to take advantage of a 15% discount if payment is collected upon receipt of the stone.

Once an account is past due 60 days the customer is not eligible to place orders or receive product until the past due balance is paid.

Lead times are an estimate and are subject to change depending on the weather conditions. We will try to be as accurate as possible when giving lead times to our customers.

When a customer has specific needs regarding the complexity of a dimensional cut, a template is required to ensure those needs are met. The template construction is the responsibility of the customer and needs to be exact. We have the right to refuse templates that we deem unsuitable for our fabrication process. Suggested materials include: Plywood, Solid pieces of cardboard, foam board, poster board and like material that will stand up to the elements and wear and tear.

Each piece of stone is a unique natural product with a different expression of shades and colors. These variations can not be influenced. We do our best to meet our customer needs when it comes to their order.

Once stone has been ordered and processed from our quarry it becomes the property of the customer who placed the order. If the customer decides that the product is unsuitable or unusable, we are not liable and will not accept returns. No order cancellation or changes will be accepted once the order has begun to be processed.

Rush orders require an additional fee of 20% of the total order value.

If you have any questions please contact our sales team directly at 970-472-1115.

Thank you, for your business.
